

REGULAR COUNCIL MEETING
CITY OF CROSSLAKE
MONDAY, SEPTEMBER 14, 1998
7:00 P.M. – CITY HALL

The Council for the City of Crosslake met in the Council Chambers of City Hall on Monday, September 14, 1998. The following Councilmembers were present: Mayor Robert Scott, Donna Keiffer, Charles Miller and Raymond Smyth. Absent was Richard Upton. Also present was City Administrator Thomas Swenson, City Attorney Paul Sandelin, Deputy Clerk Darlene Roach and approximately 18 individuals in the audience.

Mayor Scott called the regular meeting to order at 7:00 P.M. and stated that the recommendation by the Public Safety Commission for the adoption of a firearms ordinance would be heard first, under Critical Issues, since several individuals were in attendance for this discussion.

B. CRITICAL ISSUES – David Timm and Don Middlestadt, members of the Public Safety Commission, addressed the Council and stated that the Commission has been working for a period of several months reviewing the use of firearms within the City. They stated that the proposed ordinance, that they are recommending, is not aimed at anyone's right to hunt, but rather, as a safety concern for all citizens. David Timm stated that a public hearing was held on August 20, 1998 with ten individuals in attendance who were opposed to a firearms ordinance and one in favor of an ordinance. He stated that the State Statutes, dealing with firearms, were reviewed and enhanced upon in the proposed City Ordinance. Also included, in the proposed City Ordinance, was a section making it unlawful to discharge any firearm within three hundred feet of any public street or highway.

Harold Johnson addressed the Council and expressed his comments regarding the proposed ordinance. He felt the 300' requirement was too restrictive. Don Middlestadt commented that the 300' restriction was a suggestion by the Chief of Police as an arbitrary number. After review by the Commission, the 300' distance was brought to a vote and approved.

Ollie Courts was strongly opposed to the proposed ordinance and felt it was a crime not to be able to protect oneself in one's own home. He urged the Council to not pass the ordinance.

Attorney Sandelin advised the Council to consider whether the ordinance was needed to preserve or promote public safety within the City.

MOTION 09R-01-98 WAS MADE BY DONNA KEIFFER AND SECONDED BY CHUCK MILLER TO ADOPT ORDINANCE NO. 97, THIRD SERIES TO INCLUDE SUBDIVISION 1, SUBDIVISION 2 EXCLUDING SECTION A, WITH THE UNDERSTANDING THAT THE PUBLIC SAFETY COMMISSION CAN REVISIT IF

THEY SO CHOOSE, AND CHANGING SUBDIVISION 2 SECTION B TO ADD BUILDING "COMMONLY OCCUPIED", INCLUDING SUBDIVISION 3 AND SUBDIVISION 4.

Councilmember Smyth stated that he normally supports recommendations brought to the Council from the Commissions, however, did have some concerns with this recommendation. He asked how the 500' referenced in the City Ordinance differed from the State Statute. David Timm read the State Statute and it was determined that the difference involved the word discharge. Otherwise, it is parallel with State law. Councilmember Smyth also asked to what extent it was common for municipalities to have shooting ordinances and whether having local laws causes confusion for hunters. Attorney Sandelin commented that if the Ordinance is approved, signs should be posted stating that a shooting ordinance is in affect. Chief Backdahl stated that notices could also be posted at businesses in the City selling ammunition. Councilmember Smyth asked members of the audience, who were opposed to the Ordinance, whether they would be more supportive if the 300' section were removed. Some of the audience agreed to support the change. AMENDMENT TO THE MOTION ADDED MINNESOTA STATUTE 609 TO SUBDIVISION 1, SECTION A. MOTION CARRIED UNANIMOUSLY.

Attorney Sandelin stated that it is necessary for the City to approve or disapprove evacuation plans. He stated that State Law requires that mobile home parks have shelters or evacuation plans in place for their residents. He stated that the City Council should consider the distance between the park and the shelter and any traffic concerns that may arise as a result of the evacuation. Chief Backdahl commented that he did not have any concerns with the distance or traffic. City Administrator Swenson asked Planning and Zoning Chairman Darrell Swanson whether the Commission could review the issue at their September meeting.
